To Whom It May Concern,

It is with great pleasure that I write this letter of reference for Kevin Rossi, whom I have known for several years. I first met Kevin during his final design honours project, where his creativity, technical skill, and thoughtful approach to spatial design were already evident. Impressed by his professionalism and talent at that early stage, I later engaged him for two significant projects — one professional and one personal.

Kevin was commissioned to design and manage the full interior fit-out of Brenthurst's new offices in Granger Bay, transforming a white-box space into a sophisticated, functional workplace that reflects the ethos and professionalism of our financial services business. From concept to completion, Kevin demonstrated exceptional attention to detail, a strong design vision, and the ability to balance aesthetics with practical considerations. He managed contractors and timelines effectively, communicated clearly throughout the process, and delivered a result that exceeded expectations — both in quality and functionality.

Following the success of that collaboration, I asked Kevin to assist with a personal project at my home in Fresnaye, where he designed a new main bedroom suite with a modern and sleek aesthetic. Once again, Kevin impressed me with his ability to interpret a brief with sensitivity and originality, creating a space that feels both elegant and deeply comfortable.

Across both projects, Kevin has proven to be professional, reliable, and highly capable, combining creativity with discipline and a genuine passion for good design. He brings a rare mix of design flair, technical competence, and client-focused service, and I would not hesitate to recommend him for future projects.

Reference Letter: Kevin Rossi

To Whom It May Concern

Kevin is a former employee at Wanda-Michelle Interiors and was employed as a consultant to assist us with completing a project in Camps Bay more recently, as we are based in Johannesburg.

As Head of Design at W.M.I., I can attest to Kevin's reliability and ability to take initiative. We worked as a team on various aspects of the project, including concept development, site surveying, drawings, site meetings and quality control. He approached every task with enthusiasm and carried himself well when dealing with subcontractors and clients. I was able to work remotely with ease as I could rely on Kevin to assist with the management of the project when I was not on site.

I am happy to recommend Kevin as he is an exceptional candidate that would add value to any organization. Please feel free to contact me should you have any further questions.

Thank you for your time and consideration.

Sincerely,

Megan van Rooyen
Head of Design

To Whom It May Concern,

This letter hereby confirms the Kevin Marcel Rossi (Student Number 09-102) completed the following programmes at the Greenside Design Center:

- BA Interior Design (2013)
- BA Honours in Interior Design (2021)

In addition, he was a student of good standing, with no outstanding fees, and conducted himself commendably during his time with us.

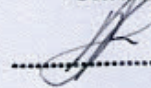

Kind regards,

Carl Ascroft
