Experience

Rabana Architects

Interior Design Intern | June 2026 - July 2026

- Assisted in developing interior design concepts from initial research through to design development.
- Created concept boards, mood boards, and material palettes to communicate design direction.
- Developed electrical and lighting layout plans to support functional and aesthetic design solutions.
- Assisted in the preparation and revision of technical drawings and construction documentation.
- Collaborated with senior designers to ensure drawings and design documentation met project specifications.
